

# July 2005 Newsletter

---

## Meeting Agenda

This month meeting was relatively conservative. We discussed the recent fly-in with great results and also reviewed the budget that included the recent improvements to the field. The other topics discussed included a new field sign to be posted on the new entrance fence and also the new logo and club name contest which will be decided on during the August meeting. So far Mike has submitted some great renderings. Thanks Mike! Remember if you have an idea, an opinion or would like to submit a new log or name idea, please attend the meetings.

## RC News & Products

### NM Pilots:

The Albuquerque Radio Control Club will hold its 50th annual Fly In this year over Labor Day weekend.

We have been growing the event over the past few years, with 70 pilots last year. With the landmark this year, we have a goal of 100 pilots. We have thousands in prizes coming, available through a pilot's raffle. You earn a ticket each time you fly!

In addition to the event itself, we will also host a dutch treat dinner with AMA VP Sandy Frank on Saturday night. This is your opportunity to touch base with YOUR AMA.

While most of the weekend will be open flying, a chance to strut your stuff, we will also feature a "vintage plane" gaggle flight, and one or two fun events.

Come on out and celebrate half a century of flying events in Albuquerque!

Chuck Andraka - Event Director

### **Model of the Month**

July's Model of the Month is very well deserved and goes to Mr. Tim Meeks for the beautiful construction of his Great Planes Cub float plane. The plane will be powered by a OS .46fx and JR Radio. Tim indicated that the plane will be the traditional Cub Yellow and Black w/ Silver floats. Can't wait to see it finished . . .

Remember for a model to be picked MOTM you must attend a meeting with your project to be considered!

### **Rumors**

I hear rumors regarding some new Giant Scale planes being built.

- Krill Velox
- Comp ARF 2X2 Extra
- Gee Bee Racer
- Some guy whom can't make his mind up is building a Wild Hare Extra 330 this week

### **Meeting Info**

Meetings held 7:00 p.m. 1<sup>st</sup> Thursday of every month at Jim Patterson's house located at 1202 S. Brown Rd. Corner of McGaffey and S Brown Road.

For a map go to [www.roswellrc.org](http://www.roswellrc.org) and click on map to the flying field.

### **Final Thoughts**

**Great News!** Our clubs Vice President Dr. Daniel Smith's wife Melissa delivered a baby girl on 7/21/05. The girls name is Daci Kail Smith and she's a healthy 6lb - 3oz, 19.5" long baby girl! Congratulations!!!!
